SPEED UP WITH THE PUMA ORBITER

Built on the fundamentals of a great running shoe, the Puma Speed Orbiter is the pinnacle performance running style. The essentials you expect—cushioning and responsiveness—combine to form Puma's street-shattering hybrid foam for instant cushioning and responsiveness. With an engineered knitted upper that

Men's and Women's Speed Orbiter Running Shoes

creates a sock-like feel and 3D-engineered propulsion plate that offers a reflex toe-off to propel you faster, Speed Orbiter is fully stacked with everything you need to go the distance—while looking good, of course. Additionally, the full lace closure provides a secure, personalized fit, while the performance outsole rubber offers maximum traction and durability.

The men's Speed Orbiter Running Shoe comes in Black-NRGY Red-Yellow, High Rise-Blue Turquoise, Dark Denim-Lava Blast-White, and Black-Yellow Alert-White. Color choices for the women's shoe are White-YellowAlert-Fizzy-Orang, Black-Pink Alert-Green, Black-Red-Milky Blue-White, and Puma White-Yellow Alert.

Visit puma.com for more information and to view their collections.

THIS COFFEE WILL MAKE A DIFFERENCE

The name says it all, and discernable coffee drinkers certainly notice the difference. Difference Coffee Company selects the finest beans on the planet—sourced from legendary estates, rare varietals, and coffee competitions—and expertly hand roasts them for maximum flavor and sweetness, not too bitter and not too sour.

Similar to wine, Arabica coffee is graded using a 100 point system. Only licensed judges, known as Q Graders, can score coffee based on attributes such as flavor, aroma, aftertaste,

Difference Coffee

etc. The tastiest, scoring 80 points or higher, are deemed "Specialty Grade," and represent just 1% of the world's total coffee production.

You'll find this exclusive brand in 30 Michelin-

WHAT'S NEW?

starred restaurants and 24 luxury hotels around the world, including the Four Seasons, The Dorchester, and The Ritz. For the convenience of the home user, these champion beans are packaged in capsules to retain freshness, avoid loss of flavors due to degassing and oxidizing of the beans, and ensure a perfectly balanced extraction. The pods are compatible with the Nespresso system.

Difference Coffees are extremely limited in supply and are sold by strict allocation through a dedicated online boutique to members of the Difference Coffee Club. Collections include Jamaica Blue Mountain, Hawaii Kona Champion, Panama Geisha, and several others. For more information, visit differencecoffee.com.

COME OVER TO THE "DARK" SIDE

Macalut Organic Keto Dark Chocolate is a game-changer for those who are serious about the quality of their cacao and want real, nutrient-dense food with no sugar and/or hidden sugars—nor anything artificial to take their place. Made with Peruvian heirloom cacao, the Macalut elixir is stone ground, balanced, and sweet-

ened with phytonutrient dense superfoods. These ingredients include lucuma, maca root, cinnamon, fermented maize crystals, monk fruit, and vanilla beans, resulting in Macalut's gentle caramel-like sweetness. The addition of mineral rich andes pink salt strikes a subtle streak of toffee, while the organic mushroom mycelium mitigates the last bit of bitter in the finish.

Zero sugar and net carbs make Macalut an ideal dark chocolate for today's consumers, as

Macalut Organic Keto Dark Chocolate

it is formulated for those on Keto, Paleo, Atkins, South Beach, and other sugar free diets. Macalut also is certified organic and is GMO, soy, gluten, and bitter free.

HANG A SPACE HEATER ON YOUR WALL? INDEED!

Say goodbye to dangerous space heaters and hello to the next generation of energy-efficient home-heating patented nanotechnology

Toasting the New Year in Style

Centered in the heart of the Lodi appellation, Twisted Roots is the work of three generations dedicated to growing wine grapes following sustainable practices. While the vineyard was established in 1918, it wasn't until 2005 that the family began producing their own wine. The commitment to hand-crafted, small-lot wine-making allows Twisted Roots to showcase the grape flavors. Brut Rosé is a sparkling wine made from 100% Pinot Noir grapes. With notes of strawberry on the nose, followed by tart cherry on the palate, the wine has the perfect amount of bubbles. Chardonnay, crafted in a Chablis style, is aged in half neutral oak and half stainless steel, and has hints of vanilla, almonds, and pear. Their flagship Petite Sirah offers a subtle nose of berry and plum, followed by a smooth finish. Hard Cider is lightly carbonated, low in sugar, and full of apple flavor. Made only with eating apples, it has just a hint of natural sweetness.

Twisted Roots Brut Rosé and Hard Cider

Late in the 18th century, Master Distiller Basil

Hayden, Sr. left his Maryland home for the greener pastures of Kentucky. Legend has it that he set out to make a batch of bourbon using the ingredients he had on hand, unaware he wasn't following the traditional rules. More than 200 years later, the Noe family pays tribute to his masterful discovery with a high-rye, small batch bourbon that embodies the spirit of that very first recipe. Basil Hayden's 10-Year Old Bourbon is a special, extra-aged limited offering that features the high-rye recipe amplified by longer aging in American Oak barrels to offer an additional layer of complexity to an already distinctive whiskey. At 80 proof, the trademark spice shines through as the perfect complement to the caramel sweetness and wood flavors.

When Prohibition was lifted in 1933, bourbon makers had to start from scratch. While traditional whiskey takes years to make, distillers had to rush the process to meet the demand and began selling barrels that had hardly been aged, resulting in a softer, mild flavor. More than 25 years ago, master distiller

Invroheat's Wall-hanging Infrared Room Heater

with Invroheat. Its Infrared Room Heater is decorative wall art that also is a safe and energy-efficient way to warm your space—no more bulky space heaters that take up floor space or get knocked over.

Infrared is radiant heat, the same as the feeling of warmth from the sun on your face and or the heat from a coal fire. This has been favored for millennia because it heats objects, which then radiate back and keep the environment around you warm.

Invroheat's Wall-hanging Infrared Room Heater, which stylishly adds a decorative touch to any space, is economical, safe, and easy to install—no assembly required; simply hang up,

plug in, and turn on. It starts generating heat in just 30 seconds; saves on heating bills by only heating the room you're using; has an auto safety shut-off that prevents overheating; is safe to the touch; is completely silent, with no noisy fan; is healthy, as it keeps moisture in the air; is compact (poster size 40" x 22"); and can be rolled up for easy storage.

DIAMONDS ARE A CHEF'S BEST FRIEND

It's hard to imagine cooking without a quality nonstick pan and we must admit that we are

Swiss Diamond XD 11" Fry Pan

spoiled by our Swiss Diamond cookware. With a revolutionary coating of up to 240,000 real diamond crystals on each pan, we truly can

say that diamonds are a chef's best friend.

As the hardest material known to man, diamonds give the coating additional strength and longevity, and they are four times more conductive than copper. This helps to distribute heat evenly across the surface of the pan. Food will brown in the pan, much like in stainless steel, and create a beautiful fond for making gravy. With intrinsic nonstick properties, diamonds give the coating outstanding nonstick release properties. This also helps make cleanup a breeze. This superior surface means that little to no oil is necessary for cooking, allowing us to create lighter and healthier meals.

The XD 11" Fry Pan (\$99.95) is our go-to pan for everything from scrambled eggs to pork chops. The extra-thick, cast aluminum body features a perfectly flat base for even heat distribution. It has a rivet-free surface and is completely PFOA-free, so we don't worry about toxic chemicals being emitted into our food. The pan is as perfect for searing meat and finishing in the oven (it's oven safe up to 500°F) as it is for sautéing vegetables.

For more information, including videos and recipes, and to view their extensive line, visit swissdiamond.com.

SPONGEBOB SQUAREPANTS WILL SUPPLY THE EATS

If you agree that there's nothing more enticing than the smell of freshly popped popcorn, imagine popping your favorite snack in a Nickelodeon SpongeBob SquarePants Mini Stir Popcorn Popper. It's as simple as placing oil and kernels into the nonstick heating base—measuring cups included—and in minutes, you'll have six to eight cups of tempting deliciousness. The lid doubles as a serving bowl and you can add melted butter, salt, and/or your favorite seasonings. Then, you'd better stand back in anticipation of the crowd that inevitably will come running.

Mini Stir Popcorn Popper

If you're looking to create something more substantial with your favorite fry cook, the SpongeBob SquarePants 7 Quart Slow Cooker will add "character" to your kitchen. In vibrant yellow and adorned with the goofy faces of this well-loved personality, this slow cooker makes it

7 Quart Slow Cooker

easy to prepare a wide range of menu items, from hearty meals and stews to desserts. Its oval shape maximizes cooking space, and the removable stoneware insert is dishwasher safe and lifts out for easy cleaning. It has an adjustable temperature control that includes a setting to keep food warm for serving at the optimal temperature.

Knob Creek Quarter Oak

Booker Noe created Knob Creek, a full-flavored whiskey aged in maximum-char barrels for natural sweetness and bottled at a balanced 100 proof. Recently launched is the newest bourbon to join the brand's award-winning portfolio, Knob Creek Quarter Oak. This limited-time release features a portion of Knob Creek Kentucky Straight Bourbon Whiskey finished for a minimum of four years in quarter

cask barrels to increase the amount of contact between the whiskey and wood, creating richer notes of oak. After the second barreling process, this unique whiskey was reintroduced to Straight Bourbon, resulting in a harmonious balance of oak flavors with traditional sweet notes.

Booker's Batch 2019-03 is the third release of the 2019 Booker's Batch collection and honors 6th generation Master Distiller Booker Noe's love for the art of curing—and tasting—country hams. (His grandfather Jim Beam would age ham inside his own smokehouse.) Like all batches of Booker's Bourbon, Booker's Country Ham was selected by Fred Noe to ensure it upholds the qualities and standards that fans of the brand have come to know and love. At 124.7

proof, Booker's Country Ham is aged 6 years, 4 months, and 2 days, and offers a sweet aroma with a subtle hint of vanilla mingled with brown sugar notes.

Each year, Laphroaig Distillery Manager John Campbell crafts a limited-edition malt to celebrate friendship. The latest

Booker's Country Ham

Laphroaig Cairdeas Triple Wood Cask Strength

release, Laphroaig Cairdeas Triple Wood Cask Strength is a triple maturation: first matured in ex-bourbon barrels, then in smaller quarter casks, and finished in European oak cask that previously housed Oloroso sherry, giving the expression a sweet and smooth finish. It then is barrier filtered and bottled at cask strength to create a punchy dram with Laphroaig's signature richness of flavor and smoky taste. At 119 proof, the full-bodied Scotch has a sweet and long finish, with caramel and spicy buttery fudge.

KIDS "STEER" THEIR WAY TO HIGHWAY FUN

While learning to drive may be a rite of passage for most teens, younger kids can take the wheel and pretend to drive the like pros with the NASCAR Adventure Force Shake N' Steer (\$19.97). For more than 70 years, drivers have been reaching speeds greater than 200 mph in NASCAR races, and budding fans will enjoy the excitement as well—whether taking to the track at home or driving along from the back seat of your car.

This interactive steering wheel reacts to the

NASCAR Adventure Force Shake N' Steer

driver's movements and features realistic speech and sound effects, a light up interactive display, and vibration feedback. Racers can decide when to use max horsepower or take a pit stop. There's even a headphone button to hear from the pit crew.

For ages three and up, the Shake N' Steer is available at Walmart.

TOY STORY 4 LASER TAG BLASTERS . . . WOW!

The popularity of Disney Pixar's Toy Story franchise continues to grow, and we would challenge anyone who doesn't agree that Toy Story Midway Mania! is the best attraction at the Disney parks. We've ridden that ride dozens of times and—from the youngest to the oldest of us—it never disappoints. In fact, it gets better with every turn.

That's why we really are enjoying the Toy Story 4 Laser Tag Blasters. This two-player set is designed for ages 5 and up, and has a range of up to 100 feet. It has an infrared beam and hit sensor that tracks and registers hits. Shots can

Toy Story 4 Laser Tag Blaster

THERE'S NOTHING QUITE LIKE MONSTER PLAY

From party games to kids toys, strategy games, and preschool toys, PlayMonster really has something for everyone. Believing in the power of play to make a positive difference in people's lives, PlayMonster delivers great play value by designing innovative and fun products.

My Fairy Garden

My Fairy Garden is the first of its kind: a toy that's also a real, live garden. Children love kits that allow them to grow plants at home; it gives

them a connection to nature and a sense of satisfaction at having nurtured a living thing. My Fairy Garden allows kids to interact with it as part of an enchanting playset. The Nature Cottage (\$24.99) is a charming flowerpot where the fairy Isla lives. Using the included seeds, youngsters can grow a real garden on top and add water to make a peaceful stream. The excess water trickling down into the water barrel can be used to water their garden. There's an adorable bug house that offers shelter for sweet ladybugs, and a whimsical wind spinner adds to the décor. The

back swings open for extra play space and the set has a bridge that can connect multiple My Fairy Garden playsets to create a fairy village. Children will have endless fun tending to their garden and playing with Isla and her tea set. The Nature Cottage contains everything needed to grow a magical garden, including tools, seeds, and seed starter.

Kids can discover the physics behind the fun and build an amazing marble machine with the Marbleocity 4-Bar Link Maker Kit (\$24.99). Using dynamic model kits that are made of real wood, Marbleocity introduces engineering and physics concepts to build a showpiece-quality kinetic sculpture that really works. Each kit contains a comic that teaches a STEM (Science, Technology, Engineering, Math) lesson, which is reinforced through the construction of the model. The 4-Bar Link Maker Kit is designed for beginners (ages 9+) and should take approximately an hour to construct. The child then can use the hand crank to watch the marbles ascend and then flip-flop down again. The Kit can connect to

Marbleocity 4-Bar Link Maker Kit

be detected from a full 180 degrees. Three firing modes—Phaser Blast, Post Laser, and Mega Blaster—each with its own strengths and weaknesses in terms of damage, range, and reload time, let you play your strongest game. Plus, each blaster has a Secret Weapon button to be used for maximum power for the ultimate attack. No extra equipment is required, and additional units can be used to extend game play.

PAW PATROL MARSHALL HEADPHONES SOUND OFF

As young children tend to watch their favorite shows or listen to the same music over and over again, we often find ourselves handing them their headphones, if only to preserve our sanity. Of course, we know we have to be careful to protect their hearing and little ones don't always understand why they can't listen at full volume.

We love Nickelodeon's Paw Patrol Marshall Headphones for just that reason. The unit from Spin Master comes equipped with an adjustable volume limiter to provide a safe and optimal listening experience for our kids. They connect to any audio device and provide a chart showing the recommended volume levels for iOS and android devices.

The kids love the headphones because . . . well, they love everything Paw Patrol. They feature an adjustable red headband with the fire

Nickelodeon's Paw Patrol Marshall Headphones

emblem on the ear cups, and Marshall's ears on the sides. Additionally, they have comfortable pivoting ear cushions and offer great stereo sound.

LOAD UP YOUR ARSENAL WITH X-SHOT

The excitement of laser tag can be experienced at home with Zuro's X-Shot Laser360°. Utilizing innovative technology embedded in the goggles, multiple sensors create a 360° infrared halo around opponents, allowing players to hit their targets from any direction. Children and adults will enjoy realistic laser battles with this set, which includes two laser blasters and two multi-sensor 360° goggles. An unlimited number of players can be split into up to four teams, and the laser blasts can reach up to 180 feet. The blasters include life indicators and laser sound effects and require six AAA batteries.

If your weapon of choice uses foam darts instead of lasers, X-Shot has a large arsenal to choose from. From the limited edition Ninja series, the Justice set includes 12 attachable parts that allow players to customize their own ultimate blaster. The pack comes with 48 darts,

Zuro's X-Shot Laser360°.

up to three other models to expand the fun.

Automoblox is a high-quality line of buildable and mixable vehicles that represents an innovative reinvention of the classic wooden toy car. A popular favorite because of its imaginative play, creativity, and collectability—the more vehicles kids collect, the more customizing they can do. As a plus, they are fun to race. The Automoblox Mini Series Cars (\$11.99 each) have a new universal connector system that enables the rapid interchange of parts, further accentuating the fun factor of creating different car styles; plus they can be mixed and matched with the Micro vehicles (\$4.99 each).

Automoblox Mini C11 Nebulous Sedan

MolukPluiRainball

The MolukPluiRainball (\$13.99) is a gentle water toy that is guaranteed to add plenty of fun in the bathtub or swimming pool. Just immerse it in water to fill and then let it rain. The flow of water is controlled by sealing or opening the top nozzle with the tip of your finger. Kids will have a ball and playfully learn about basic physical principles. Plui arouses curiosity and stimulates

imaginations and senses. It comes apart easily for cleaning and drying.

My Singing Monsters, the critically-acclaimed mobile game, explores rich, intriguing worlds as players breed and feed singing monsters to build unique melodies. Now, that game has come to life in a line of harmonizing collectible musical figures that sing alone and in sync with one another just as they do in the game. This unique and impressive technology adds to the idea that not only can monsters come alive, but they know their part in the song and exactly

My Singing Monsters

when to join in. The more My Singing Monsters (\$12.99) you collect, the more complete the Plant Island song becomes. Each colorful, detailed monster is lightly articulated to have even more personality and comes with one of their favorite accessories from the mobile game.

For more information and to view PlayMonster's extensive catalog, visit playmonster.com.

Boxed Warriors

weaknesses, and secret alliance. There are 13 warriors to collect, including the rare Golden Sir Bashalot.

Boxed Warriors (\$12.99) are recommended for ages 3+.

OLD-SCHOOL FUN WITH BACKGAMMON BABY

Our devices have become such an extension of ourselves, it's hard to remember how we ever got by without them. Though many of us draw the line at the dinner table, everywhere you look people are staring into their phones; wandering the supermarkets with earbuds in, seemingly talking to themselves; every minute of down time is a perfect opportunity to search for something.

Backgammon Baby aims to change that and is on a mission to bring back that old-school feel of the live connection between people as they strategize through the world's oldest board game. Dating back nearly 5,000 years—its origins can be traced to modern-day Iraq—backgammon is a classic game that requires equal parts skill, strategy, and, of course, luck.

Backgammon Baby

With Classic, Professional, and Tournament sets, all boards are made with a cushioned playing field, stitched points, and soft vegan colorful leather. Each is adorned with chrome buckles, resin-made checkers, and solid dice for fair rolls. Designs include Blue Jean, with a groovy-looking denim flair; Sundae Delight, complete with ice cream cone points; and the mesmerizing Funkytown. They also offer Roll Up versions convenient for travel.

The games are priced from \$129 to \$429. Visit www.backgammonbaby.com for more information.

two dart clips, and three target practice cans.

The Quick Scope features Break 'n Load action and has an attachable scope so players can take on targets outside of close combat range with extreme accuracy and power. The 4-dart storage on the stock has an integrated recoil-action when the blaster is triggered. It comes with 12 foam darts and three practice cans.

The No Rez comes with eight darts and features a rotating barrel, tactile grip, and rapid fire trigger.

The blasters in this series shoot up to 90 feet and each contains an official high-quality X-Shot Ninja Dog-Tag. For more information, visit x-shot.com.

SHINE ON HARVEST MOON . . . JUMANJI JEWELS

In the latest release from Natsume's well-loved franchise, **Harvest Moon Mad Dash** combines the classic harvesting and farming that players enjoy with challenging and fun multi-player games. While keeping with the tradition of bringing nonviolent, family-friendly titles that the series is known for, this fast-paced game allows fans to go solo or take along a few friends as they fulfill orders to complete each level. Things may start out easy but, of course, obstacles await. Success depends

on quick decisionmaking and good communication. The game, which is available on the Nintendo Switch and PS4, is rated E for Everyone.

Unite in adventure and laughter in the action-packed game of **Jumanji**, as you try to survive the ultimate challenge for those seeking to leave their world behind. Only you and three teammates can recover the jewels and save Jumanji. There's an army of evil marauders to take on, deadly beasts and traps to

dodge, and cool customizations to unlock. With movie heroes Dr. Bravestone, Ruby, Mouse, and Prof. Oberon as your avatars, you can use their unique abilities (and hilarious failings) to save the day. The game includes beautiful but deadly new mountain, city, and jungle environments. No two rounds are ever the same. Available on Steam (PC), Switch, PS4, and Xbox One, the game is rated T for Teen.

BOXED WARRIORS HAVE GOT THEIR GRUMP ON

The greatest warriors throughout space and time have been plucked from their battlefields, miniaturized, and boxed. Now on Earth, they're grumpy, dysfunctional, and ready to fight.

Open your box to see which warrior will rise. Unveil their weapons and reveal their strengths,
